WHY WE FIGHT

This is about more than immigration. It's about the kind of country we are.

We fight because disappearing

people, punishing dissent, and ruling by fear are the tools of authoritarianism, not democracy.

We fight to defend freedom, fairness, and the rule of law, for everyone.

MILITARIZED ROUNDUPS

COMMUNITIES FIGHT BACK

Across the country, people are standing up: challenging ICE arrests, creating local protections, and demanding accountability. Some police and city leaders are refusing to join Trump's deportation force.

These grassroots efforts show that solidarity and local resistance can slow federal over-reach and protect our neighbors.

DEPORTING DISSENT

NO ONE IS SAFE

U.S. citizen children, including those receiving cancer treatment, were placed on ICE deportation flights. Others were deported to countries they had no connection to, like South Sudan or Libya.

This isn't just cruel: it's lawless. When the government deports sick kids and admits "mistakes"

without

fixing them,

no one's rights

are secure.
